

# 2024 JA Future You Summer Camps

JULY 22-26 OR JULY 29-AUGUST 2, 2024

This summer, you can spend one week fully immersed in career planning, personal brand development, and workplace simulation experience. Imagine yourself as a Future You, years after your high-school graduation, working at a company of your dream, leading a team, or pitching a business idea to a panel of expert judges, Shark Tank-style. You will learn how to prepare your personal brand and introduce you to a realistic workplace in a fictional company. You will enhance your leadership, management, and critical thinking skills while understanding the inner workings of a company environment.

Future You Academy students will spend one day with the younger campers in JA BizTown and JA Finance Park supporting their learning. Join JA for an exciting week of activities, including an opportunity to design, develop, and pitch a business idea while collaborating with other students in small groups.
