

2024 JA Finance Academy Summer Camps

JULY 22-26 OR JULY 29-AUGUST 2, 2024

This summer, you can spend one week fully immersed in career exploration, personal financial planning, and entrepreneurship. Imagine yourself pitching a business idea to a panel of expert judges, Shark Tank-style, creating a real-life budget for your future adult self, and figuring out a career path that aligns with your passions and interests. Designed for students in grades 7-9, this summer camp will give you a foundation for building a successful financial future, including critical decisions related to your career, income, expenses, savings, and credit.

Join JA for an exciting week of activities, including a visit to **JA Finance Park**, a simulated mini-town where you can practice what you've learned and become an adult for a day. You will wrap up your week with an opportunity to design, develop, and pitch a business idea while collaborating with other students in small groups.
